

Test Specification

Test Project: Mr Buggy ver. 7

Table Of Contents

1. Verify functionality of applications available to Employee user

1.1. Test scenario Nr 1 Employee user profile functionalities

BUGGY-1: Log in / out of the application

BUGGY-2: Edit profile - Change password

1.2. Test scenario Nr 2 Functions for CR

BUGGY-3: Creating a new CR

BUGGY-4: Editing created CR

BUGGY-5: Searching for a given CR

BUGGY-6: Adding a comment to an existing CR

BUGGY-7: Modification of a given CR in the "New" status

BUGGY-8: Modification of a given CR in "Approved" status

BUGGY-9: Verify CR visibility in "To clarify" status

BUGGY-10: Ability to change the status of a given CR to "Clarified"

BUGGY-12: Ability to change the status of a given CR to "Rejected"

BUGGY-11: Deleting CR

1.Test Suite : Verify functionality of applications available to Employee user

1.1.Test Suite : Test scenario Nr 1 Employee user profile functionalities

Test Case BUGGY-1: Log in / out of the application [Version : 1]		
Author:	Robert Szulc	
<u>Summary:</u> Verify the ability to log in and log out of the application using a "Employee" account.		
<u>Preconditions:</u> - Computer with windows 8 or higher - Downloaded Mr buggy app - Created Employee account		
<u>#:</u>	<u>Step actions:</u>	<u>Expected Results:</u>

9	Log in to the application using the new password by filling in the "Username" and "Password" fields with the correct data	Logging into the application, the default user view "Dashboard" appears.
<u>Execution type:</u>	Manual	
<u>Estimated exec. duration (min):</u>	2.00	
<u>Importance:</u>	Medium	
<u>Relations</u>	depends on - BUGGY-1:Log in / out of the application [Version :1]	
<u>Requirements</u>	None	
<u>Keywords:</u>	None	

1.2.Test Suite : Test scenario Nr 2 Functions for CR

Test Case BUGGY-3: Creating a new CR [Version : 1]	
<u>Author:</u>	Robert Szulc
<u>Summary:</u>	Creating a new CR in the application

<u>Preconditions:</u>		
<ul style="list-style-type: none"> - Computer with windows 8 or higher - Downloaded Mr buggy app - Created Employee account and logged into the application 		
<u>#:</u>	<u>Step actions:</u>	<u>Expected Results:</u>
1	Click on the "Crs" button in the top section of the application.	CR order list appears.
2	Click on the "New CR" button.	New CR window appears.
3	Fill in the fields in the form with: <ul style="list-style-type: none"> - Number = 2 - Name = Test1 - Business case = Testowy - Description of change = Testy - Financial sources = Testy - Related production errors = Test - Provider = Test 	Form fields: <ul style="list-style-type: none"> - Number - Name - Business case - Description of change - Financial sources - Related production errors - Provider are filled with according to the data entered.
4	Save the new CR by clicking on the "Save" button.	The new CR is saved. The application automatically goes to the list of current CRs.
<u>Execution type:</u>	Manual	
<u>Estimated exec. duration (min):</u>	4.00	
<u>Importance:</u>	High	
<u>Relations</u>	depends on - BUGGY-1:Log in / out of the application [Version :1] depends on - BUGGY-4:Editing created CR [Version :1] is related to - BUGGY-6:Adding a comment to an existing CR [Version :1] is related to - BUGGY-7:Modification of a given CR in the "New" status [Version :2] is related to - BUGGY-8:Modification of a given CR in "Approved" status [Version :1] is related to - BUGGY-9:Verify CR visibility in "To clarify" status [Version :1] is related to - BUGGY-10:Ability to change the status of a given CR to "Clarified" [Version :1] depends on - BUGGY-12:Ability to change the status of a given CR to "Rejected" [Version :1]	
<u>Requirements</u>	None	
<u>Keywords:</u>	None	

Test Case BUGGY-4: Editing created CR [Version : 1]		
<u>Author:</u>	Robert Szulc	
<u>Summary:</u>	Editing an existing CR	
<u>Preconditions:</u>	<ul style="list-style-type: none"> - Computer with windows 8 or higher - Downloaded Mr buggy app - Created Employee account and logged into the application - Created CR 	
<u>#:</u>	<u>Step actions:</u>	<u>Expected Results:</u>
1	Click on the "Crs" button in the top section of the application.	CR order list appears.
2	Click on the "Edit" button in the "Actions" column.	Edit CR window appears.
3	Change the number of a given CR by filling the "Number" field with the number 2.	The value in the "Number" field has been changed.
4	Click on the 'Save' button.	The number change is saved, the changes are visible in the CR list.
<u>Execution type:</u>	Manual	
<u>Estimated exec. duration (min):</u>	4.00	
<u>Importance:</u>	Medium	
<u>Relations</u>	depends on - BUGGY-3:Creating a new CR [Version :1]	
<u>Requirements</u>	None	
<u>Keywords:</u>	None	

Test Case BUGGY-5: Searching for a given CR [Version : 1]		
<u>Author:</u>	Robert Szulc	
<u>Summary:</u>	Verification of order search engine 'CR'	
<u>Preconditions:</u>	<ul style="list-style-type: none"> - Computer with windows 8 or higher - Downloaded Mr buggy app - Created Employee account and logged into the application - Created CR 	
<u>#:</u>	<u>Step actions:</u>	<u>Expected Results:</u>
1	Click on the "Crs" button in the top section of the application.	List of CR appears.

2	Fill in the search field with the value "2".	Cr with number 2 is appeared on the list.
<u>Execution type:</u>	Manual	
<u>Estimated exec. duration (min):</u>	2.00	
<u>Importance:</u>	High	
<u>Requirements</u>	None	
<u>Keywords:</u>	None	

Test Case BUGGY-6: Adding a comment to an existing CR [Version : 1]		
<u>Author:</u>	Robert Szulc	
<u>Summary:</u>	Verification of the ability to add a comment to an existing CR	
<u>Preconditions:</u>	<ul style="list-style-type: none"> - Computer with windows 8 or higher - Downloaded Mr buggy app - Created Employee account and logged into the application - Created CR 	
<u>#:</u>	<u>Step actions:</u>	<u>Expected Results:</u>
1	Click on the "Crs" button in the top section of the application.	List of CR appears.
2	Click on the name of the particular 'CR'.	Edit CR window appears.
3	Fill in the "comments" field with the "test comment" value.	The value in the "comments" field has been changed to "testowy komentarz".
4	Click the "Send" button.	The comment is saved. Numbers of comments = 1
<u>Execution type:</u>	Manual	
<u>Estimated exec. duration (min):</u>	3.00	
<u>Importance:</u>	Medium	
<u>Relations</u>	is related to - BUGGY-3:Creating a new CR [Version :1]	
<u>Requirements</u>	None	
<u>Keywords:</u>	None	

Test Case BUGGY-7: Modification of a given CR in the "New" status [Version : 2]		
<u>Author:</u>	Robert Szulc	
<u>Summary:</u>	Verifying that CR in "New" status will automatically return to "Draft" status under modification.	
<u>Preconditions:</u>		

- Computer with windows 8 or higher - Downloaded Mr buggy app - Created Employee account and logged into the application - Created CR in "New" status		
<u>#:</u>	<u>Step actions:</u>	<u>Expected Results:</u>
1	Click on the "Crs" button in the top section of the application.	CR order list appears.
2	Click on the "Edit" button in the "Actions" column.	Edit CR window appears.
3	Change the name of the given CR by filling the "Name" field with the value: "test2".	The value in the "Name" field has been changed.
4	Click on the 'Save' button.	The name change is saved, the CR status automatically changes to "Draft". The changes are visible in the CR list.
<u>Execution type:</u>	Manual	
<u>Estimated exec. duration (min):</u>	4.00	
<u>Importance:</u>	Medium	
<u>Relations</u>	is related to - BUGGY-3:Creating a new CR [Version :1]	
<u>Requirements</u>	None	
<u>Keywords:</u>	None	

Test Case BUGGY-8: Modification of a given CR in "Approved" status [Version : 1]		
<u>Author:</u>	Robert Szulc	
<u>Summary:</u>	Verifying that CR in "Approved" status will automatically return to "Draft" status after modification.	
<u>Preconditions:</u>	- Computer with windows 8 or higher - Downloaded Mr buggy app - Created Employee account and logged into the application - Created CR in "Approved" status	
<u>#:</u>	<u>Step actions:</u>	<u>Expected Results:</u>
1	Click on the "Crs" button in the top section of the application.	CR order list appears.
2	Click on the "Edit" button in the "Actions" column.	Edit CR window appears.
3	Rename the given order 'CR' by filling the 'Name' field with the value: "test2".	The value in the "Name" field has been changed.
4	Click on the 'Save' button.	The name change is saved, the CR status automatically changes to "New". The changes are visible in the CR list.

<u>Execution type:</u>	Manual
<u>Estimated exec. duration (min):</u>	4.00
<u>Importance:</u>	Medium
<u>Relations</u>	is related to - BUGGY-3:Creating a new CR [Version :1]
<u>Requirements</u>	None
<u>Keywords:</u>	None

Test Case BUGGY-9: Verify CR visibility in "To clarify" status [Version : 1]		
<u>Author:</u>	Robert Szulc	
<u>Summary:</u>	Verifying visibility of 'CR' in 'To clarify' status in 'CR' order list view	
<u>Preconditions:</u>	<ul style="list-style-type: none"> - Computer with windows 8 or higher - Downloaded Mr buggy app - Created Employee account and logged into the application - Created CR in "To clarify" status 	
<u>#:</u>	<u>Step actions:</u>	<u>Expected Results:</u>
1	Click on the "Crs" button in the top section of the application.	CR order list appears. In the list of orders there is a CR with data: Number: "2" Name: "test2" Provider: "Provaider1" Status: "To clarify" Number of comments: "1" Actions: No editable button.
<u>Execution type:</u>	Manual	
<u>Estimated exec. duration (min):</u>	3.00	
<u>Importance:</u>	High	
<u>Relations</u>	is related to - BUGGY-3:Creating a new CR [Version :1]	
<u>Requirements</u>	None	
<u>Keywords:</u>	None	

Test Case BUGGY-10: Ability to change the status of a given CR to "Clarified" [Version : 1]		
Author:	Robert Szulc	
<u>Summary:</u>		
Checking ability to change the status of a given CR to "Clarified" after adding a comment		
<u>Preconditions:</u>		
- Computer with windows 8 or higher		
- Downloaded Mr buggy app		
- Created Employee account and logged into the application		
- Created CR in "To clarify" status		
<u>#:</u>	<u>Step actions:</u>	<u>Expected Results:</u>
1	Click on the "Crs" button in the top section of the application.	CR order list appears.
2	Click on the "Edit" button in the "Actions" column.	Edit CR window appears.
3	Fill in the "comments" field with the value "test comment2".	The value in the "comment" field has been changed.
4	Click the "Send" button.	The comment is saved. Value "Numbers of comments" = 2
5	Click on the "Clarified" button in the "Actions" column.	The CR status is changed to "Clarified".
<u>Execution type:</u>	Manual	
<u>Estimated exec. duration (min):</u>	4.00	
<u>Importance:</u>	Medium	
<u>Relations</u>	is related to - BUGGY-3:Creating a new CR [Version :1]	
<u>Requirements</u>	None	
<u>Keywords:</u>	None	

Test Case BUGGY-12: Ability to change the status of a given CR to "Rejected" [Version : 1]	
<u>Author:</u>	Robert Szulc
<u>Summary:</u>	
Checking ability to change the status of a given CR to "Rejected" after adding a comment	
<u>Preconditions:</u>	
<ul style="list-style-type: none">- Computer with windows 8 or higher- Downloaded Mr buggy app- Created Employee account and logged into the application- Created CR in "To clarify" status	

#:	Step actions:	Expected Results:
1	Click on the "Crs" button in the top section of the application.	CR order list appears.
2	Click on the "Edit" button in the "Actions" column.	Edit CR window appears.
3	Fill in the "comments" field with the value "test comment3".	The value in the "comment" field has been changed.
4	Click the "Send" button.	The comment is saved. Value "Numbers of comments" = 3
5	Click on the "Rejected" button in the "Actions" column.	The CR status is changed to "Rejected".
<u>Execution type:</u>	Manual	
<u>Estimated exec. duration (min):</u>	4.00	
<u>Importance:</u>	Medium	
<u>Relations</u>	depends on - BUGGY-3:Creating a new CR [Version :1]	
<u>Requirements</u>	None	
<u>Keywords:</u>	None	

Test Case BUGGY-11: Deleting CR [Version : 1]		
<u>Author:</u>	Robert Szulc	
<u>Summary:</u>	Verifying ability to remove CR in draft status.	
<u>Preconditions:</u>	<ul style="list-style-type: none"> - Computer with windows 8 or higher - Downloaded Mr buggy app - Created Employee account and logged into the application - Created CR in "Draft" status 	
#:	Step actions:	Expected Results:
1	Click on the "Crs" button in the top section of the application.	CR order list appears.
2	Click on the "Delete" button next to the given 'CR' in the "Actions" column.	The given CR is deleted from the list, automatic update of the list.
<u>Execution type:</u>	Manual	
<u>Estimated exec. duration (min):</u>	2.00	
<u>Importance:</u>	Medium	
<u>Requirements</u>	None	
<u>Keywords:</u>	None
